About me

I am a BCA student with strong interest in web development. I have basic knowledge of C, C++, Python, Java and MySQL. I enjoy building websites using HTML, CSS and JavaScript.

I am eager to learn new technologies, take on challenges and work on real world projects that enhance my skills and knowledge.

Education

Bachelor of Computer Applications (BCA)- pursuing
Dr. D.Y.Patil Agriculture and Technical University ,Talsande

Higher Secondary Certificate(HSC)
Yashwantrao Chavan Warana mahavidyalaya, Waranangar.

Project

“Weather Forecast Website”

Created a Weather Forecast Website using HTML, CSS and JavaScript to check weather updates. The project uses an API to fetch live weather data and display information such as, temperature, humidity and weather conditions. This project helped me to understand web design, API integration and practical problem-solving.

Skills

- Programming Language : Basics of C, C++, Python, Java, PHP.
- Web Technologies : HTML, CSS, JavaScript.
- Database : MySQL (basic).
- Other : problem solving, Teamwork, Time Management.

Objective

To build my career in IT field by improving my knowledge of programming and web development. I aim to gain experience through projects and internships.
